

Group Seating for Schools, Auditoriums and Waiting Rooms

OFM, Inc.

Furniture for the Real Office™

ReadyLink seating for groups – This is your affordable answer for linked seating. Assembly is quick and easy – no tools required means no expensive installation required.

Frames are strong steel painted silver; seats and backs have tough poly shells and textured easy to clean vinyl padded upholstery (choice of four colors).

Seats are spring-loaded to lift when not in use. ReadyLink has optional tablet writing surfaces that swing down when not in use. The tablets make it easy for users to take notes or fill out forms.

ReadyLink can be bolted to the floor if desired to prevent all shifting. The feet have pop-outs to accept bolting hardware.

Easy to Install — No Tools Required

Step 1 Stand each leg upright and lift seat unit into position.

Step 2 Insert bolts into connector joints.

Step 3 Thread cap nut into bolt end and tighten.

ReadyLink has many uses! A very economical choice for Auditoriums; create rows of any length with or without tablets. Perfect for busy Waiting Areas; easy to clean vinyl wipes up at the end of the day, and linked seating prevents shifting of the furniture. Use ReadyLink for Classrooms, Training Rooms, or Seminars. **Versatile, Economical, Easy to Use and In Stock!**

How to Order ReadyLink

ReadyLink is available as single chairs with or without tablets, that can stand on their own or be used as "Row-starters". You will receive a seat and back, and a right leg and left leg. Then there are Add-ons: A seat and back and middle leg that attach onto the "Starter". Simply decide how many rows you will need and how many overall seats you will need, then order "Row-starters" and "Add-ons" to create your ReadyLink room.

ReadyLink can also be used as freestanding chairs with or without tablets.

**ReadyLink—In Stock.
